Press Release

February 17, 2022

Starting January 2022, Europe4All brings together educators, young learners with and without migration backgrounds to collaborate in the creation of videos documenting and exploring shared experiences. Videos include a wide range of contemporary and historical examples of cultural heritage and its relevance to these experiences. By doing this, learners will open up a conversation on these values. Videos will be used in adult education contexts to reimagine how we live together.

Social cohesion is a major and growing political issue, particularly in times of economic crisis, when resources and employment become scarce and the condemnation and demonization of the “other”; heightened stereotypes; and the perpetuated binaries between “us” and “them,” constitute mainstream collective narratives that result in fear, exclusion and marginalisation of people who are considered “different.”

Promoting adult learning as a means of fostering solidarity between cultures and people of all backgrounds is becoming more urgent than ever, and creative non-formal and informal learning environments can play a crucial role in **building shared visions of the future.**

The Erasmus+ project “Europe4ALL - European Digital Cultural Heritage and Values for Migrant Empowerment and Inclusion in Adult Education” critically reflects on the values expressed in different forms of cultural heritage across Europe, and the ways in which such collaborative reflection can empower individuals and communities to reshape Europe and the EU.

The project is co-funded by the European Union through the Erasmus+ program (KA220-ADU - Cooperation partnerships in adult education) with a total grant of 356.325 €.

The consortium includes the following partners: [K8 Institut für strategische Ästhetik](#) (Germany, project coordinator); [The Hub Nicosia Ltd](#) (Cyprus); [Vienna Association of Education Volunteers](#) (Austria); [EURelations GEIE](#) (Italy); [Center for Education and Innovation](#) (Greece) und [Cooperatieve vereniging Pressure Line U.A.](#) (Netherlands).

**Co-funded by
the European Union**
